COAHL7R PURE BEAM FOCUSING TORCH

PURE BEAM[®]
FOCUS
FLOOD & SPOT

Variable Light Tech (VLT)
Twist Focus

Weight: 125g | 4.4oz

The rechargeable version of our HL7 has all of the great features of that light, but is powered by a rechargeable battery pack. The HL7 Headlamp gives you the ability to shine an ultra-wide flood beam and then quickly twist the bezel to a long reaching spot beam with transition halo so that you can be ready for anything. With our Variable Light Control Technology on board you can adjust the light output with the control lever to any point between low and high so you can have highly personalised output and run times.

ANSI FL1 (Rec)	High	Low
Lumens	240	4
Beam Distance	104m	13m
Runtime	1h 30min	40h
