The HX3 LED C.O.B. Clip light is the ideal UV light for everyday carry. The HX3 Clip light can be used for either general uses in White mode or to identify leaks or to identify security features in either currency or identification cards while in UV mode. The universal clip on the light makes it easy to clip on pockets or even the bill of your hat, while the integrated magnets allow the HX3 to be placed on magnetic surfaces. Once placed or clipped to a surface, the light features a 180-degree beam adjustment.
