

DCW210N-XJ
18V XR Brushless 125mm Sander - Bare Unit

Selling Proposition

- Cordless technology for more user freedom
- Brushless Motor Technology for excellent efficiency
- Low vibration allowing for extended usage without fatigue
- Cordless technology for more user freedom
- Brushless Motor Technology for excellent efficiency
- Low vibration allowing for extended usage without fatigue
- Dust-sealed switch prevents contamination
- Dust sealed bearings and components for a long product life
- Uses hook and loop paper for consistent adhesion and fast changing

Specifications	
No Load Speed (RPM)	0-550
Product Weight [Metric]	0.93 Kg
Power Source	Corded
Power	1700 W
